A CENTURY OF PARTNERING
FOR SUCCESS

In 2021 we were proud to celebrate
100 years of Scott Bader.

We are employee owned

Since 1951, we have been employee owned through the form of a Trusteeship. Our shares are held by the Scott Bader Commonwealth, a registered charity.

How we are different:

- An independent, creative and reliable international business. 'Owned in common' by all who work in it.
- Everyone can make a difference. All colleagues are engaged in the overall governance of Scott Bader

- We cannot be bought out, allowing us to maintain long-term relationships with customers and suppliers
- Clear values embedded at the heart of everything we do

Products our customers love

GELCOATS

Urethane Acrylates

- Distinct family of polymers with their own set of properties that compete with PE, VE, EP, and PU resins (meaning: different to urethane or acrylate, stand alone chemistry)
- High mechanical performance with inherent fracture toughness
- Uses standard PE/VE pultrusion catalysts and can be processed with open bath or injection.
- Applications include, high strength, FST, carbon fiber, fast line speeds with blister resistance
- Very low viscosity, accept high filler loadings, and high glass contents
- North American sourced
